## SOFTWARE ENGINEER

### COVER LETTER

I'm very excited to be part of your Company as an Associate Software Engineer/Junior Web DeV position. I really love to work to well-known Company in terms of technology and it's a big pleasure to be part of it. I want to team up with people who has the same passion and interest as well as mine. I am a career shifter from Electrical Engineering Profession. Since the Pandemic Started I started to love web design hopping that this will be the start of my new career in Corporate world. I also conduct some Bootcamp online course particularly in Udemy and Enrolled in Mindtech Training Development Institute as TESDA scholar to prepare myself for a new beginning. Thank you for your time and consideration hope to work with you someday.
